

DATE: July 23, 2003

FILE REF: 4533

TO: Trygve A. Solberg, Chair, Natural Resources Board  
James E. Tiefenthaler, Jr., Vice Chair, Natural Resources Board  
Stephen D. Willett, Chair, Air, Waste, Water/Enforcement Committee

FROM: Scott Hassett, Secretary

SUBJECT: Summary of Rule Agenda/Board Action Checklist

**Subject**

Creation of s. NR 463.11 through NR 463.20. This new subchapter will incorporate the national emission standards for hazardous air pollutants (NESHAP) for facilities that are in the category of secondary aluminum production.

**Policy analysis**

The existing MACT Streamlining policy is to incorporate into the state administrative code all MACTS that have 10 or more sources in Wisconsin. Initial estimates show there to more than 10 sources belonging to the category of secondary aluminum production.

**Statutory authority**

ss 285.11(1), 285.27(2), and 227.11(2)(a), Stats

**Staff time required**

The staff time required will be 454 hours.
